BREAKFAST

Breakfast, often referred to as the 'most important meal of the day', provides essential nutrients to kick start our day. It includes a variety of foods, like fruits, cereals, dairy products, and proteins, that contribute to a balanced diet. Eating a healthy breakfast can improve concentration and performance, boost physical endurance, and lower cholesterol levels.

PLACE TO TRAVEL

Trekking to cimarinjung waterfall
and camping

📍 Ciletuh, Sukabumi Regency
